

# No more paperwork!

## Complete the documentation process collaborative, digital and without media break

1.

Fill out forms collaborative during a video chat

2.

Deposition in eDocBox

3.

Dispatch of access data via email

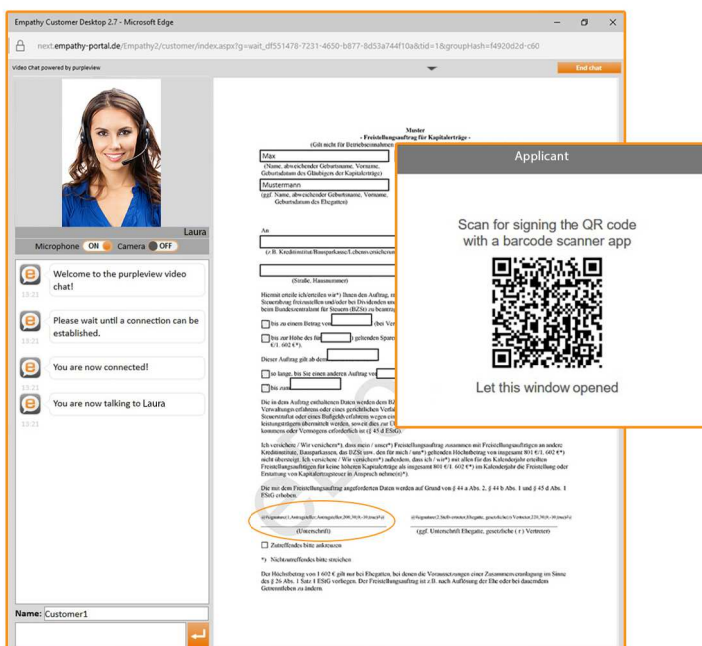

4.

Sign the forms on a smartphone or tablet

5.

Contract concluded!

With our new integrated feature eDocBox collaborative fill-out of forms during a video chat is enabled. Conclude your contracts digitally using the electronic signature without a media break.

Let your customers sign your documents directly in the browser on a tablet or in a smartphone app. Via PIN-input you provide a safe access to your customer's documents. The eDocBox is seamless integrated into the empathy suite and includes i. a. the tracking of graphological characteristics like writing speed, direction and position for highest guaranty.
